

Business Wales Growth Service

**The Welsh Government's
business support service
helping you start, run and
grow a business in Wales**

Are you running an SME in Wales? Have you faced challenges, which have prevented you from growing it? Do you need a helping hand to turn the challenges into opportunities?

Business Wales is the Welsh Government's fully funded business support service which helps people start, run and grow their own businesses. Our highly experienced team of Growth Advisers and Relationship Managers can help you overcome barriers to growth and expand sustainably. Our range of support includes:

- General support, business diagnostic, growth strategies and planning
- Diversification, business models and restructuring
- Sourcing finance and funding
- HR, contracts of employment, policies and recruitment
- Sustainability and resource efficiency
- Tendering and bid-writing
- International Trade
- Marketing and networking
- Brokering relationships
- Skills training
- Mentoring

We also deliver a range of webinars to help you develop your skills and capabilities, identify gaps and gain practical knowledge and understanding of running a business in Wales.

We can help you run and grow your business more effectively, so get in touch with our team now: <https://businesswales.gov.wales/support>.
